Seven Letters to Heaven

What kind of child were you?

I would say a bookworm; and a child who believed in, and loved, fairy tales.

What advice do you have for the aspiring writer?

You cannot control what others say about your writing, but you certainly can control your writing; so try to find satisfaction in that.

Your first published work was *The Dark Side of War*. What is it about?

*The Dark Side of War is not a novel, but a prose poem. It was published by the National Library of Poetry in their *Surrounded by Dreams* edition. The poem is about a soldier in the throes of death and questions why he is at war. He is somewhat disoriented and believes he sees his Mama, and reaches out to her as he dies.*
